CJCA PLAYER AND FAMILY SUPPORT FUND

The Christchurch Junior Cricket Association has re-established a fund with an initial ceiling of \$5,250 to support families to participate in CJCA events and remain or become members of Clubs.

This will operate in a similar fashion to the Support Fund which was established during the Covid Pandemic in 2020

The **CJCA PLAYER AND FAMILY SUPPORT FUND** has been established to assist children attending primary school or being home schooled, aged between 5 years and 13 years who are from financially disadvantaged families or backgrounds that puts adverse pressure on families to afford fees for programmes, events or memberships.

This is not a fund established to specifically support talented players but is rather about providing children with the opportunity to continue to or begin to participate in cricket.

At the conclusion of the 2025/26 season and during the season the Fund will be reviewed to see if it is meeting its goals and whether the initial funding levels need to be extended or the fund needs to run into future seasons.

We understand;

- That cricket talent exists across our Association and we want to ensure opportunities are provided to players who otherwise may miss out.
- The need for kids to “fall in love” with cricket and not to be denied opportunities to do so through no fault of their own.
- The health and well-being advantages of having thousands of healthy active cricket kids

The opportunities provided through direct funding may assist with the following;

- **Club or School Cricket Fees**
- **Boys and Girls Festival Fees incl. CJCA Spring and Summer Festivals and January Festivals**
- **Girls Pre-season Fees**
